CONNECTING AMERICA'S COMMUNITIES

- > Always at least two newspaper articles per month.
- > Newspaper articles on going live on Montanali-brary2go.
- > Open house with hot cider and cookies during National Library Week.

Judith Basin County Free Library

BTOP Public Computing Center Goals and Objectives

Montana's project promotes three BTOP statutory purposes:

- 1) provide improved access to broadband service to consumers residing in under-served areas of the country;
- 2) provide broadband education, awareness, training, access, equipment, and support to libraries; and,
- 3) stimulate the demand for broadband, economic growth, and job creation.

Objectives

- 1) increase broadband speeds at participating libraries up to 21 mbps;
- 2) cut wait times in half by increasing the total number of workstations and expanding library operation hours;
- 3) improve access by purchasing ADA compliant software, hardware, and furniture, and through minor renovation projects aimed at increasing accessibility of computing center facilities;
- 4) offer courses to increase computer literacy; and
- 5) provide Internet and library resources to rural Montana using a mobile computer lab.

Successes

Internet Service Provider	Original Broadband Speed	Current Speed (mbps)
Central Montana Communications	0.50	3.00
